For Office use only

Date of Membership.....

Fee paid.....

Membership Number.....

Renewal Date.....

The National Association of Road Transport Modellers was founded in 1983 to foster the interests of the road transport modeller. Membership is open to anyone with an interest in road transport models, whether you collect die-casts, build kits, scratch-build, do conversions or run a business supplying product for the modeller. A 20 page magazine style newsletter is sent to all members on a two monthly basis, this newsletter is full of articles, book reviews, hints, tips and information on new products and model shows taking place around the country. The association actively encourages members to submit material for publication in the newsletter whether it be an article, kit or book review or just a tip to help other modellers.

As well as the newsletter there are area branches of the association in Wales, Yorkshire, Staffordshire and the East Midlands who hold regular meeting where any members is welcome to attend. Hopefully more branches will follow.

Members of the association regularly put on displays at models shows, fire engine rallies, charity events, museums and truck shows etc. around the country.

On receipt of your completed membership form and your subscription, a membership card and a copy of the latest newsletter will be forwarded to you, if at anytime you change your address please notify the Membership Secretary at the address below so that the records can be amended.

We hope you enjoy membership of the association and if you have any problems or queries please contact the Membership Secretary at the address below.
